\$100 Deposit By: _____ Date _____

\$50 Maintenance Fee By: _____ Date _____

Note: You are responsible for promptly updating information changes for this application.

This application is for slip use by a privately owned recreational boat, not registered or used commercially. See the Slipholder permit.

The boat length includes any bow pulpit, anchors, swim platform, attached dinghies, etc. All must be contained within the assigned slip. Separate waiting lists will be maintained according to the slip length needed.

The \$100 non-refundable deposit is applicable toward the initial slip fee if a slip is accepted within two offers. Rejection of a slip offer made before April 1 of a given year, results in being moved to the rear of the list, along with a \$50 service charge, except for the 2nd offer when the applicant is dropped from the list without deposit return. Inability to be contacted will result in removal from the list, as well. A \$50 service charge will be required for continuing on the list after 5 years and each 5 years thereafter. Service charges are not applicable toward subsequent slip fees.
